Filippi

2019

Innovation and Quality
made for World Class Performance

Another year has come to an end.

As we worked every day to bring our Made-in-Italy rowing boats closer and closer to perfection, you trained your body and mind to push yourself beyond your limits.

The results are certainly not lacking.

We are proud to share the highlights of the last year's season.

As always, thank you

The new Filippi's Carbon Sweep Rigger Aliante

The Filippi's stiffest rigger ever

It directly transmits the thrust with no elastic absorption

Carbon look

Weights positioned at the ends to optimize boat stability

It directly transmits the load to the boat

Nondeformable during rower action

It can be mounted only on Ad hoc stratified boats

Easily adjustable

The launch of the new rigger will take place in February 2019

Filippi's Coastal boats

Technological innovation never stops.

If you know the Filippi boats, you know also the huge work and passion that we put into every boat to confirm and always improve the high-quality level that has always distinguished us.

This year, for our coastal boats, we have redesigned the deck to be able to unify and perfect three essential characteristics: aerodynamics, strength and lightness.

We have implemented other accessories and functions such as the new height-adjustable paddle.

In the coastal four, we have introduced the new model of the reclining coxswain seat.

2018 Awards

Filippi Spirit Award

Filippi is the official sponsor of this World Rowing Award.

This recognition is for the university rowers who have demonstrated the core values of rowing in their social, academic and sporting life, and, through these values, also enabled or inspired exceptional success in other people's lives - for example in education, business, sports or charity.

The 2018 winner is Amidu Silva.

He is a top chemical engineering student from the University of Moratuwa, Sri Lanka.

The captain at his rowing club. A mentor for many club rowers. And he proved to have all the requirements to win this award.

That's why he and his Club have won a **brand-new 8+ Filippi boat**.

With this reward, he is the first Asian to win a major international rowing award.

The other finalists were James Francis (United States), Wilson Mure (Australia) and Nikola Potparevic (Serbia).

We're proud to help these athletes and their clubs that may have limited resources for training.

Looking forward to see the 2019 winner!

Amidu Silva - Photo credit: World Rowing / Ben Tufnell

World Rowing Women's Crew of the Year

Agnieszka Kobus-Zawojska, Marta Wieliczko, Maria Springwald, Katarzyna Zillmann, from Poland won the Gold medal at the World Rowing Championships, reaching great results during all the season.

World Rowing Para Crew of the Year

Annika van der Meer and Corne de Koning from the Netherlands have won the Gold medal at the World Rowing Championships.

Only the second year together in PR2 mixed double sculls? That wasn't a problem. They set a new World Best Time.
